MozOut or Técnica PC: comparison and which to choose in Mozambique

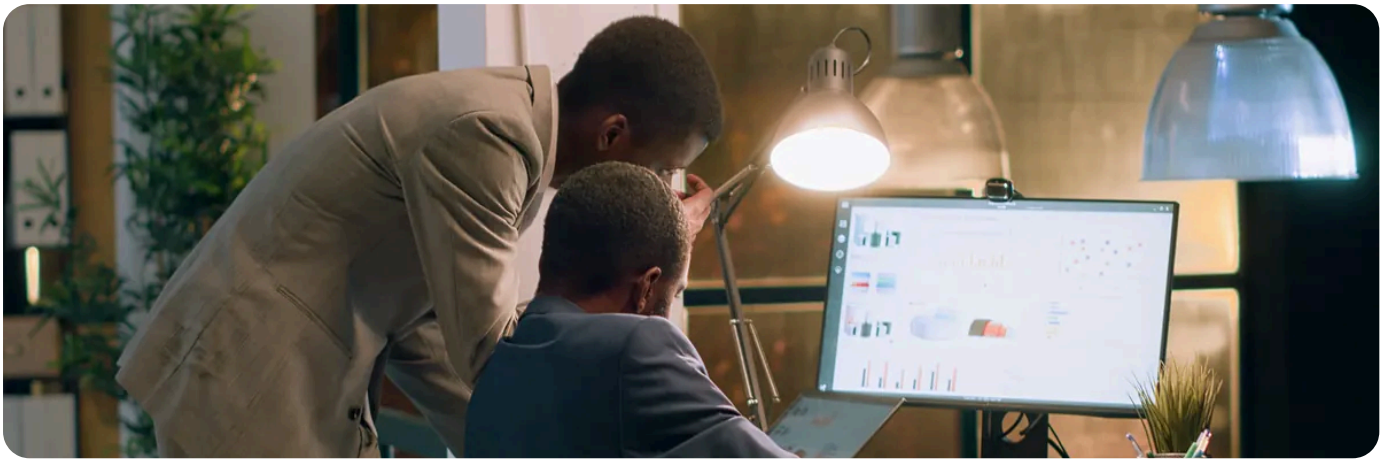
Hosting Providers Compared Created on **August 16, 2026** Updated on **October 22, 2026** 4 min read



By the MozOut editorial team · Updated 15 October 2026 · Data from the providers' public pages, consulted in October 2026.

Técnica PC is primarily a computer repair business that also sells hosting. For anyone who already takes their computer there, having one supplier can make sense.

Both are local providers, both sell hosting and domains. The short answer: **on the basics they are similar**, and the choice comes down to three or four details. Let us go through them one by one.

Hosting and panel

1. **MozOut** - **cPanel** on Linux hosting and **Plesk** on Windows hosting, with CloudLinux, free SSL and Imunify360. Clear per-account limits - that is what stops a neighbour's site ruining your day.
2. **Técnica PC** - Advertises **cPanel**, SSD/NVMe disks, free SSL, backups and WordPress.

Domains

1. **MozOut** - **.mz registered with CIUEM** by us, with a **DNS manager in the panel** and nameserver changes you make yourself, at any hour.
2. **Técnica PC** - Registers **.mz**.

How you pay

1. **MozOut** - **Meticais**, with a local invoice your accountant accepts.

2 **Técnica PC** - Shows prices **in meticais**.

Backups

1 **MozOut** - **Every night before dawn, kept for a year**, restored through JetBackup from the panel.

2 **Técnica PC** - Advertises backups (see their site for frequency and retention).

Customer support

1 **MozOut** - **WhatsApp, panel ticket and e-mail 24 hours a day**, plus **phone calls from 08:00 to 16:00** - all in Portuguese, with a written record of everything asked and done kept in the panel.

2 **Técnica PC** - Advertises **24/7**, phone and **WhatsApp** - and has a physical shop, which counts for many people.

For companies: VPS and reseller

1 **MozOut** - VPS, Cloud, dedicated and reseller. Servers are **unmanaged** by default - delivered with the OS and full access.

2 **Técnica PC** - VPS and reseller plans not listed on the public pages consulted.

☆ Where Técnica PC is strong

The **walk-in counter**: being able to go in and talk to someone is an argument none of us working remotely can match.

☆ Why we recommend MozOut

If you want **everything in one place and in local currency**: national domain, hosting, e-mail and invoice on one account. We are among the few who state in writing **how long backups are kept** - one year - and let you **restore them yourself** from the panel, with no ticket and no waiting. Add **CloudLinux**, which stops a neighbour's site ruining your performance, **Imunify360** against malicious code, **free SSL that renews itself**, **free migration of your current site**, **free .mz transfers**, over **100 domain extensions** and one-click WordPress.

Entry price: the **Pro Hosting** plan starts at **MT 600/month (7,200 a year), with SSL, backups and cPanel included.** ***Price current in August 2026 - check the store for today's figure.***

In short.
For a business in Mozambique - with a national domain, an invoice in local currency and someone who answers any hour by WhatsApp, ticket or e-mail - **MozOut** is the choice we recommend. And if you ever change your mind, you take everything with you, with no fee.

The test worth more than this article.
Before deciding, send a technical question to both support teams and compare how long they take and how good the answer is. That applies to them and to us - it is how you judge a provider.

Comparison drawn from each provider's public pages in August 2026. We did not test their services, and the information may have changed since. If you spot anything out of date, tell us and we will correct it.
