About the RLX Group

Support & Account Created on **August 16, 2026** Updated on **October 4, 2026** 2 min read

MozOut is part of the **RLX group**, a technology group with operations in Mozambique, Angola and the United States. This page explains what the group is, which brands make it up, and why that matters to you as a customer.

What drives us

1. **Mission** - to connect Africa through reliable solutions.
2. **Vision** - to be a technology reference in Southern Africa by 2030.
3. **Values** - ethics, continuous innovation and technical excellence.

The group's brands

Each brand serves a different market and need, but they share the same technical team and the same service standards:

Brand	What it does
MozOut - **you are here**	Hosting and cloud in Mozambique, billed in metical.
Interweb	IP infrastructure and hosting in Angola, billed in kwanza - and in Mozambique too.
PaloHost	Multi-region global hosting.
OneTicket	Ticketing platform, operating across 11 provinces.

Where we are registered

The group operates through three legal entities, each registered in its own country, with formal local invoicing:

1. **RLX HOLDINGS, S.A.** - Vilankulo, Mozambique
2. **RLX ANGOLA, LDA.** - Luanda, Angola
3. **RLX HOLDINGS (PTY) LTD.** - Saint Louis, Missouri, United States

What this means for you

Being part of a group isn't just an org chart. In practice:

1. **One technical team** - whoever answers your request knows the same platform that runs every brand.
2. **Shared infrastructure** - the same servers in European datacentres, the same security and the same daily backups, whichever brand you bought from.
3. **Continuity** - if your business grows into another country, there is a local operation in the group to follow you, without starting over with another provider.

Want to know more about the brand you're using?

See **the page about MozOut** - with the dates, markets and the entity that operates it.
