If you recommend us to clients or colleagues, the affiliate programme pays you a commission on what they spend. It's free to join and open to any customer.

How it works

1

Activate the programme in **My MozOut**, under **Affiliates**. You get a personal referral link.

2

Share the link. Anyone who signs up through it is recorded as your referral.

3

You earn 10% of what each referral pays - not just on the first invoice, but on the renewals too.

4

Withdraw once your balance reaches **\$10**. Below that the balance stays and keeps growing.

The sign-up bonus

Activating the programme credits **\$1** to your affiliate balance right away, as a starting bonus. It counts towards the withdrawal threshold like any other commission.

Following your earnings

1

The **Affiliates** page in My MozOut shows visits through your link, signups, and the commission earned.

2

You also receive a summary by e-mail every month.

Who it's for. It works particularly well for web developers and agencies who set up sites for clients: the client keeps their own account and pays directly, and you earn on every renewal without having to resell or invoice anything.
